Answer

1.1 bd90f87e

B

A table of the US minimum wage for 6 different years is shown below.

| Year | US<br>minimum<br>wage<br>(dollars<br>per<br>hour) |
|------|---------------------------------------------------|
| 1960 | 1.00                                              |
| 1970 | 1.60                                              |
| 1980 | 3.10                                              |
| 1990 | 3.80                                              |
| 2000 | 5.15                                              |
| 2010 | 7.25                                              |

What was the percent increase of the minimum wage from 1960 to 1970?

- A. 30%
- B. 60%
- C. 62.5%
- D. 120%

1.2 8705ecba

C

The cost of a certain shirt is \$20 before a 5% sales tax is added. What is the total cost, including sales tax, to purchase the shirt?

- A. \$20.05
- B. \$20.50
- C. \$21.00
- D. \$25.00

1.3 191d167b

B

Last year, 200 students enrolled in an interior design program. This year, the number of students enrolled is 147% of last year's number. How many students are enrolled in the interior design program this year?

- A. 247
- B. 294
- C. 347
- D. 394
